4. ऐसे 15 मुहावरे लिखिए जिसका संबंध केवल शरीर के अंगों से संबंधित हो।

5. अशुद्ध वाक्य को शुद्ध करके लिखिए (अंत के 50)

Computer : Complete the computer programming assignment

Commerce : Topic 1: Enhancing Employee Performance Through Monetary Incentives

Objective: To perceive the relationship between monetary incentive and employee performance.

It is observed that bonuses are fixed according to the employee's performance, however, hard work being intangible is not considered. Therefore, it can be deduced that monetary incentives are independent of the performance, since the bonus and allowances are fixed according to a specific performance parameter. Moreover, the failure of a company's promise to release the bonus on time also leads to dissatisfaction and demotivation among its employees.

On the other hand, companies can attain their target by quoting the performance bonus in advance, thereby, stimulating employees to perform more efficiently and proactively. This project will help you comprehend how effective monetary incentives are imperative to employee satisfaction and alleviating the attrition rate in the company.

Why are monetary incentives necessary?

Rewards employees

Profit sharing, partnerships, ESOPS, etc., increases the ownership attitude

Helps in acquiring quality talent

Controls attrition

Increases employee satisfaction

Increases employee engagement

Improves organisation's performance

Types of monetary incentives-

Bonuses

ESOPS

Rewards

Commissions

Added allowances payment

Wage incentives

Referral benefits

Profit sharing

Topic 2: Compare marketing strategies adopted by two different companies of the same industry(FMCG/telecommunication/media/education industry etc) keeping in mind the following.

Product mix

Price mix

Place mix

Promotion mix

Topic 3: Collect any five cases filed by consumers in the consumer court

Find out the rights violated and the redressal mechanism used

What was the outcome of each case?

Economics: Topic 1 : Government budget

Topic 2 : Elasticity of demand

Home Science: Project work as discussed in class

Accounts: Project 1

Odd roll numbers. will make project of 1st question of additional question of financial statements and will also make comparative and common size statement of that and Even roll numbers will take 2nd question from additional question of financial statements and do the same.

Project to be made with black pen and should be hand written.

Project 2

Qt 1 from project for odd roll numbers

Qt 2 from project for even numbers

U need to make a partnership deed according to the question .

Write an introduction, meaning for both the topics 1and 2 project

In 2 project also write about the type of partners, characteristics and the accounting procedure .

Sketch pen can be used for headings.
